Mediation Board Asks Showdown at Ammunition Plant

Others Threats to U. S.
Defense Effort Are
Plaguing Nation

BULLETIN

Alton, Ill., July 3—(AP)—The Western Cartridge Company today told the National Defense Mediation Board it "willing to bargain in good faith" with the AFL Chemical Workers Union but insisted on reserving its legal right to seek a court review of a NLRB ruling naming the union as bargaining agent for the smokeless powder division of the huge plant.

(By The Associated Press)

The national defense mediation board called for a showdown by 4 p. m. (CST) today on a union recognition dispute which caused a strike threat at an important ammunition factory.

The board set that deadline for acceptance or rejection of its recommendation that the Western Cartridge Company recognize the AFL-Chemical Workers union as collective bargaining agent for 550 men employed in the firm's smokeless powder division at Alton, Ill. The men have voted to walk out next Monday.

A majority of 2,800 CIO United Automobile Workers voted to strike at two Cleveland plants of the White Motor company which are making scout cars for the army. No date for the strike was set. The union men have asked a wage increase of 10 cents an hour. The present minimum rate was reported to be 75 cents, the average \$1.02 an hour.

Miners Begin Vacation

The nation's 450,000 soft coal miners began a five day paid vacation today for the first time in history, but there was some question whether 150,000 of them employed in the southern Appalachian field would return to work with the remainder July 8. The CIO United Mine Workers have warned the southern coal operators wage conference that the men will not return to their jobs then unless the conference meanwhile signs a new two year wage contract.

When President Roosevelt yesterday turned the North American Aviation company plant at Inglewood, Calif., back to its private owners after more than three weeks of government operation, he declared that if efforts should be "made again to interfere with this essential production, I will not hesitate to take whatever steps may hereafter be necessary to assure its continuance."

Chicago Dentist, Wife Meet Death in Freeport Crash

Freeport, July 3—Mrs. Arthur Mangold, 29, of Chicago, was instantly killed when the automobile driven by her husband collided head-on with a milk truck driven by Roy Julius, 28, rural route two, Lena, Wednesday morning near Staderman's corner, nine miles west of Freeport on U. S. highway 20.

Her husband, Dr. Mangold, 41, died at 1:30 p. m. at Evangelical Deaconess hospital of a fractured skull, a fractured leg and punctured lung. Julius, operating the truck owned by his brother Vernon, and loaded with empty milk cans, suffered a bad gash over the right eye and shock. He was treated at the same hospital.

Inquest Is Opened

At an inquest opened last night by Dr. E. A. Diestelmeier, coroner, in the Eichmeier & Becker funeral home, Roy Crane of Warren testified the truck driven by Julius was in the left-hand traffic lane when the crash occurred.

On order of his physician, Julius did not testify and the inquest was continued until 9 a. m. today. Other witnesses appearing included Crane's wife, E. C. Osborne of Freeport and Chief Deputy Sheriff Walter Engels.

Relatives disclosed the Mangolds left Chicago at 9 a. m. Wednesday for Cheyenne, Wyo., where they expected to attend a rodeo July 4, and then continue on to Washington. Dr. Mangold was a prominent dentist in the Austin district of Chicago.

Fourth Rules

(Suggested by the National Safety Council)

1. Don't use fireworks.
2. Take it easy on the road. Start in time. Don't speed or take chances in passing, especially on hills or curves.
3. Don't overdo in exercise, eating or exposure to sun.
4. If you swim—Don't go in alone or when overheated. Wait an hour after eating. Know the depth of the water. Don't show off or indulge in horseplay.

Complete Plans For Collecting Taxes on Incomes

Washington, July 3—(AP)—Secretary Morgenthau announced today a plan to enable tax payers to pay their taxes in advance.

He said at a press conference that, beginning August 1, anyone would be able to buy, through his local bank, certificates which can be turned in on income or excess tax. A small amount of interest will be paid purchasers as inducement to buy the certificates, but Morgenthau said the primary purpose was "to make it convenient to taxpayers to pay the heavy taxes in the new bill by paying a little each month out of current income."

He added that the plan also would obviate some temporary borrowing by the treasury usually necessary before taxes start coming in.

Two types of tax notes were described by Morgenthau. One, for the small tax payer, will be issued in denominations of \$25, \$50, and \$100. The premium on these will be 16 cents per hundred dollars for each month between the time the note is bought and the time it is turned in for taxes.

For Large Taxpayers

Another type of note—for large taxpayers, will be issued in denominations of \$100, \$500, \$1,000, \$10,000 and \$100,000. The premium on these will be four cents per hundred dollars per month.

The program would make the lot of a taxpayer seemingly a little less painful and reward him with a small rebate for paying in advance.

From the taxpayer's point of view, the advantage would be that he could budget the heavier new income taxes now pending in congress by paying small payments each month in advance of tax collection dates. For these advance payments, he would receive a small premium—expected to be slightly under 1 per cent.

Here is how the plan would work:

Perfection

Riverside, Calif., July 3—(AP)—Highly pleased with a second test flight in the giant B-19 bomber, Maj. Stanley M. Umstead said today he was confident the new 41-ton flying laboratory could take off and land at almost any airport in the country.

Umstead, chief army test pilot, wheeled the huge \$3,500,000 craft through southern California skies for 90 minutes yesterday at altitudes ranging up to 10,000 feet.

Afterward, Umstead described the bomber's flight as "a perfect performance." It took off only after 17 second run and, upon landing, stopped within 1,500 feet.

Tomorrow May Go Down in History as Illinois Last Noisy Holiday

(By The Associated Press)

Tomorrow may go down in history as the last noisy Fourth of July in Illinois. Otherwise, except for increased participation by soldiers, celebrations throughout the state will follow the pattern of recent years.

It will be the last chance to buy at retail the firecrackers and other explosives that have created Independence Day din and caused burns and blindness. Already their sale has been restricted by many ordinances. Next year by state law they can be bought only by responsible adults holding permits.

The military motif will symbolize rearmament upon the 165th anniversary of the nation's birth. Uniformed troops will march in some parades. Many soldiers will

Great Celebration Tomorrow To Open Big Annual Event

Fair Weather Pledged;
First Homecomers Arrive Today

With its streets gaily decorated in the nation's colors, the midway established on the parking place between Galena and Peoria avenues, a fine program of entertainment, music and parades arranged, and fair and warmer weather promised, Dixon this afternoon was ready to entertain the thousands who are expected here for the three-day Homecoming, which will start with a magnificent celebration of Independence tomorrow.

Soldiers Coming Home

Chairman Fred Hofmann of the Dixon Homecoming committee, who has been subjected to many surprises during the past six weeks, received his biggest surprise today in an air mail letter from Corporal Paul R. Girndt, company clerk of Co. A, 129th infantry, stationed at Camp Forrest, Tenn., who several days ago sought to secure a chartered bus to bring Dixon soldiers, who will enjoy a leave of absence over the Fourth, to the home town for the Homecoming program.

Corporal Girndt in his letter today states that plans to charter a large bus have failed, but Dixon soldiers stationed at Camp Forrest have succeeded in obtaining a small bus from near Tullahoma which will transport about 25 soldiers from Camp Forrest to Dixon. The bus is expected to arrive here about 5 o'clock tomorrow morning.

"Several others will arrive by means of private conveyance and train", Corporal Girndt's letter states, "and about fifty in all will make the trip. The others will leave on succeeding week ends."

Two Parades Planned

Chairman James F. Bales of the parade committee today announced the line of march for the parade to be held Saturday.

Blame for Fraud in Poll Unplaced

Milwaukee, July 3—(AP)—Representatives of the international executive board of the United Automobile Workers Union (CIO) indicated today that they had been unable to fix guilt in last spring's fraudulent strike vote at the Allis-Chalmers Manufacturing Company plant in suburban West Allis.

The representatives, Richard Leonard of Detroit and Richard Reisinger of Cleveland, reported that there were clues to the identity of the persons who stuffed the union's strike ballot boxes, but there was not sufficient evidence to constitute proof. The strike tied up production of huge government orders for more than two months.

Leonard and Reisinger set July 9 and 10 as the dates for postponed election of officers of the local CIO-UAW union at the plant. The election originally was scheduled for March but was postponed because of the strike.

Union representatives admitted during a state labor board hearing that the strike ballot boxes had been stuffed.

Edward, Becoming Effeminate, Asks for Name Barbara

Los Angeles, July 3—(AP)—Edward Price Richards, 29, who registered for conscription, has petitioned Superior court to change his name to Barbara Ann Richards.

Richards was an interior decorator until a few months ago. But he had become so effeminate in the preceding two years that he decided to change from men's clothes to dresses and temporarily retire, he stated.

Richards' petition, filed through Attorney Chester B. Anderson, said he was born April 1, 1912, in Essex county, Massachusetts; that he had predominant male characteristics, and that he was reared as a boy.

Wearing a modish print dress and displaying painted fingernails, Richard told reporters:

"I first noticed a change in my body a couple of years ago—enough so that I registered for the census as a woman."

"When the registration for the draft came along last October 1, I registered as a male, although by that time I realized I needed medical guidance."

An outstanding endocrinologist, Dr. Marcus Graham, presented Richards' case to an American Medical association convention for discussion as a problem.

The physician notified selective service authorities, who placed Richards in class 4-F.

Dr. Graham said Richards' sex change probably is traceable to a severe illness in infancy.

"It is possible through an illness to lose the predominating male characteristics."

Cracks Down

Washington, July 3—(AP)—Petroleum Coordinator Ickes announced today he would request city police and state highway patrols in the east to arrest motorists wasting gasoline by use of improperly adjusted cars and making "jackrabbit" starts.

Conservation measures to combat the predicted oil scarcity on the seaboard, Ickes said, are "going to require something more than persuasion."

A few "judicious arrests," he told his press conference, might bring the desired results.

Meanwhile, the coordinator announced that Secretary of Navy Knox had agreed this morning to put two of the navy's largest and fastest tankers into service moving oil from the Gulf coast to the east, in an effort to ease the predicted shortage.

Terse News

Licensed Here to Wed—

A marriage license was issued today by County Clerk Sterling Schrock to William Edous LaFever of Dixon and Miss Josephine C. Bevilacqua of Nelson.

Hog Thefts Reported—

Sheriff Gilbert Finch went to Ashton this morning to investigate a report that ten spring pigs were missing from the Stanley Hart farm.

In Magistrate's Court—

Clifford Johnson of this city paid a fine of \$5 and costs in police court last evening for discharging fireworks on the street, when arraigned before Police Magistrate James E. Bales.

Ralph Rosenfeldt was fined \$5 and costs on a speeding charge and several other traffic violators were ordered to appear in police court this evening.

Teacher's Nephew Dies—

Miss Camilla Kinsella, Dixon high school faculty member who is assisting with summer school courses here, was called to her home in Bloomington this morning by the death of a nephew, Stephen Crowe, young son of her brother-in-law and sister, Mr. and Mrs. Frank Crowe. The child had been ill only a couple of days.

Tops Cattle Market—

Manila, July 3—(AP)—The Tabacalera company of Manila was notified from Kobe today that the Japanese merchantman Kyusyu Maru, carrying cargo from the Philippines to the United States, has been requisitioned by the Japanese government and ordered not to proceed to its destination.

The advice from Kobe said the Kyusyu Maru had been halted at that Japanese port and the cargo discharged there "at the risk and expense of the owners of the shipments."

Officials of the Tabacalera company, local agents for the vessel, said no reason was given for the action. They said the ship was carrying coconut oil, hemp and chrome ore, all materials essential

Officer Killed in Milk Strike Fight

Rutland, Vt., July 3—(AP)—Deputy Sheriff Ray Russell of Monkton was killed today during a fight that developed when striking dairy farmers attempted to dump a truckload of milk bound for the New York market.

Russell was riding on a milk truck bound from Waltham to Vergennes when strikers attempted to halt it and dump the truckload of milk. During the fight, Russell fell from the running board and was crushed beneath the wheels of the vehicle.

Earlier, more than 6,000 gallon milk from the New York York milksheds was dumped in three towns by men who halted

Chief of Staff Asks Restrictions on National Guard's Use Be Lifted

Washington, July 3—(AP)—General George C. Marshall, Army Chief of Staff, proposed today that selective service trainees, reserve officers and National Guardsmen be kept in service longer than the one year contemplated by law.

In a biennial report to Secretary of War Stimson, Marshall said that events of the "past few days are even more forcible indications of the suddenness with which armed conflict can spread to areas hitherto considered free from attack."

"There are," he added, "legal restrictions on the use of the armed forces which should be removed without delay. x x x"

Red Resistance, Snow, Halt Nazi March in Russia

The War Today!

By DEWITT MACKENZIE

(Telegraph Special Service)

Stalin's call upon his people for the extreme measure of a "scorched earth" campaign to stem the Nazi avalanche which is sweeping onto the Soviet, gives a clear picture of the gravity of that vast country's position.

It means, of course, that Russia is in danger of being smashed by Hitler.

Still, I believe it would be wrong to call this amazingly frank declaration of the bolshevik leader an act of desperation, because this is a summons for a last ditch stand, but it is a fighting appeal which is calculated to inspire the people to give to the utmost in defense of their land.

As one reads Stalin's speech—which must have taken great courage to deliver—one inevitably

Stoddard Danekas is Named Conservation Inspector for Lee Co.

Stoddard Danekas of Reynolds township has been appointed conservation inspector for Lee county and has taken over his duties. The new state conservation officer has served efficiently as deputy sheriff for about 16 years, during which time he has been active in the apprehension of fish and game law violators and in cooperating with the state conservation officials.

Inspector Danekas was in Dixon today conferring with State's Attorney Morey Pires. Retailers of fish are required to secure a state license to carry on their sales and Inspector Danekas urged that store owners or individuals engaged in the sale of fresh fish take immediate steps to secure the necessary licenses, for which a fee of \$5 a year is exacted.

Child Falls From Car; Treated at Hospital

Four-year-old Dorothy LaRue, daughter of Mr. and Mrs. Theodore LaRue of Spokane, Wash., sustained painful cuts and bruises yesterday afternoon when she fell from the car in which she and her parents were returning to their home from the east, about three miles east of Dixon on the Lincoln Highway. The child was alone in the rear seat of the car when in some manner she opened the door and fell to the paving.

She was removed to the Dixon public hospital where her injuries were treated and found to be of a minor nature. The child with her parents resumed their trip homeward from an eastern vacation trip this morning.

Gives Pleasure

Chicago, July 3—(AP)—The weather bureau took pleasure in announcing today that the Fourth of July would be generally "fair and warmer" in the middle west.

Forecaster George L. Canaday said that the moist condition which moved into the midwest today was passing rapidly eastward. He added there might be a few showers in southern Illinois and most of Indiana tonight.

Tomorrow, however, will dawn bright and clear in most sections and the temperature will begin to climb.

"It is urgently recommended that the war department be given authority to extend the period of service of the selective service men, the officers of the reserve corps and the units of the National Guard."

The selective service act called for a maximum of one year of military training for these groups. The act also stipulated that these groups could not be used outside the western hemisphere.

"When and where these forces are to serve are questions to be determined by their commander-in-chief and the Congress, and should not be confused with the problem of their readiness for service," Marshall told Stimson.

Berlin Tells of Chaos Among Russians

BULLETIN

(By The Associated Press)

Berlin, July 3—A few hours after the German high command declared today that resistance of the Red army apparently had been broken, DNB, official German news agency, told of "obstinate resistance" and bad weather on the eastern front.

The agency said the weather was affecting the fighting. In the region of Lwow, in Russia's Polish buffer zone, DNB said, snow had been reported.

The high command said that a German attack was under way on the entire front from the Arctic ocean to the Black sea.

(By The Associated Press)

Adolf Hitler's high command declared today that the resistance of the Red army appeared smashed along the entire 2,000 mile front from the Arctic to the Black sea and that "unimaginable chaos" had broken over the Soviet armies.

While the Nazi high command pictured a decisive turn in the 12-day-old struggle, a Soviet communiqué asserted that the main German thrust toward Moscow had been blocked and that Russian troops were locked with the Germans in a vast new battle on the road to the Soviet capital.

Russian warplanes attacked the Finnish capital of Helsinki this afternoon, bombing the city's eastern outskirts and Malmi airfield.

German military dispatches described the battlefield of Bialystok, where two Red armies were said to have been crushed, as a macabre scene of death and wreckage.

Amid these assertions by Hitler's headquarters, the Russian high command declared that the vanguard of the Moscow-bound Nazi invasion forces had been hurled back in repeated attempts to cross the Berezina river, whose waters were reddened by the blood of Napoleon's troops in the bitter retreat from Moscow in 1812.

The Red army also was reported to have halted and inflicted "a heavy defeat" on a German mechanized column driving toward Shepetovka, 20 miles inside the old border of the Ukraine, on the road to Kiev, the capital.

True Bills Charge Meat Packers With Hog Price Control

Chicago, July 3—(AP)—A Federal grand jury investigating alleged violations of the Sherman anti-trust act in the food industry returned indictments today charging three Chicago meat packing firms, two trade associations and seven individuals with conspiracy to fix certain hog prices.

The indictment accused the defendants of controlling and fixing prices paid producers for hogs purchased at direct buying points in middle western states and shipped to Chicago for slaughter.

Named in the indictments, returned before Judge Michael L. Igoe were:

Wilson & Co., and Thomas E. Wilson, chairman of the board. Armour & Co.; George Eastwood, president; W. C. Clithero, vice president, and F. M. Sherwood, an Armour company executive.

Swift & Co.; John Holmes, president; S. W. Lund, vice president, and F. E. Knutzen, an executive. The American Meat Institute.

DIXON POLICE DEPARTMENT
THE DIXON EVENING TELEGRAPH

AUTO QUIZ NO. 3

**"THEY GAMBLERED
WITH DEATH"**

This is the wreckage resulting from a head-on collision of two automobiles. It was difficult to determine just why the accident occurred; it happened however, on a three-way lane, straight highway, and there were indications that the driver of the truck shown in the picture had fallen asleep at the wheel.

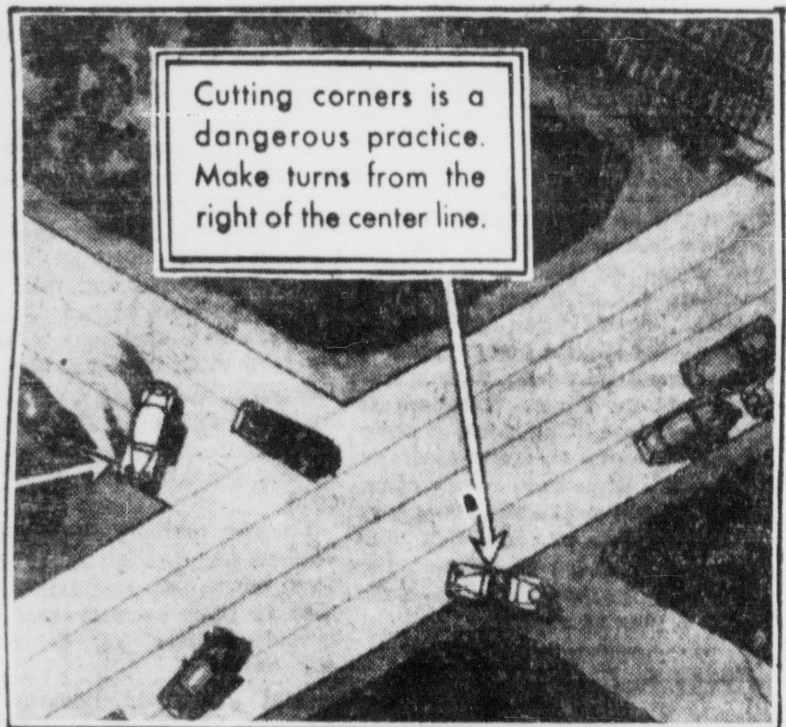

He had been ill for the preceding three weeks. Before returning to work he visited his doctor and complained of sleeplessness. He was told to go home immediately, take a sleeping powder and get as much rest as possible before starting out again. The evidence indicated that he did not follow the doctor's instructions.

This driver was killed instantly when the collision occurred. His "helper" received compound fractures of both legs, and other severe injuries; he also died, without regaining consciousness. The driver of the other car received a fractured skull and numerous lacerations.

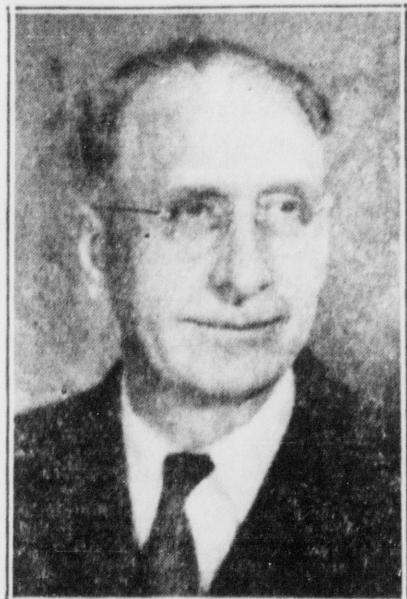

When going on a long drive, get plenty of sleep and don't try to stay so long at the wheel that you can't keep alert. **DEATH RIDES WITH THE DROWSY DRIVER!**

• Today's Safe Driving Hint

Prepared by The Aetna Casualty & Surety Company

DR. GEORGE MCGRAHAM

umbrella pulled down closely over his head. They are safe from the storm all right, but not from passing automobiles.

Pedestrians must remember that the drivers ability to see ahead is poorer and his stopping distance greater in bad weather. In the rain, or on a wet street, the pedestrian who takes chances by darting in front of an automobile is just being silly. Either he may slip and fall in front of an oncoming car, or in trying to avoid him the car may skid out of control.

The best protection for pedestrians is to keep alert, and move across streets or along roads only when the path is completely clear.

When you walk out from between cars parked in the business district, or you use a highway as a sidewalk, be sure to proceed cautiously and look in both directions before you go ahead.

Pedestrians who carry large bundles or umbrellas should be careful not to obstruct their own view of the road. Otherwise they are in danger of being hit by a vehicle they may not see.

According to the records, nearly one-half of those killed in traffic accidents every year are pedestrians, and in fully 70% of the cases, the pedestrian is at fault, not the driver.

The persistent violation of traffic rules by great numbers of pedestrians who "get away with it" because they are on foot, indicates the greater need for pedestrian laws and stricter enforcement.

The person on foot has no more right to cause an accident than the driver, and they should be arrested and fined just as summarily and on the same basis as the driver. If the pedestrian of today is not to become too literally "The Vanishing American," he must adjust himself to his environment.

DR. GEORGE MCGRAHAM,
Past Pres. Lions' Club.

Be a Safe Pedestrian

As the old saying goes, "Accidents are not caused by automobiles; they are caused by the improper use of automobiles."

The same applies to pedestrians, who often are on the "other side" of accidents. Some pedestrians are like the ostrich who hides its head at the approach of danger. Take, for instance, the person who crosses the street in stormy weather with an

Gives lots of go per gallon

Asked what brand of gasoline they use "on tour," midwest motorists reveal a strong preference for Red Crown. In fact, they choose Red Crown more than twice as often as any other brand. Even among those who sometimes use other brands in their home communities, many say, "When we're away from home we always get Red Crown gasoline." Why? Because Standard Red Crown has earned a reputation for dependable, uniform high-quality wherever it is found and because midwest motorists feel "at home" wherever they see that famous "Standard Service" sign. Tourists "go for" Red Crown, too, because Red Crown goes so far for them! This low-cost-per-mile economy, plus Red Crown's splendid anti-knock performance, makes it the favorite, not only among tourists, but among all car owners in the Midwest—better than 2 to 1. Start now, make popular Red Crown a money-saving habit of your own this summer.

3 fine gasolines priced to suit your purse: At the RED Crown pump—Red Crown, regular price. At the WHITE Crown pump—Solite, premium quality. At the BLUE Crown pump—Stanolind, bargain price. SEE YOUR STANDARD OIL DEALER

A Thought For Today

Understanding is a well-spring of life unto him that hath it; but the instruction of fools is folly.—Proverbs 16:22.

Knowledge is, indeed, that which, next to virtue, truly and essentially raises one man above another.—Addison.

They Saw It Through

Now it is the Fourth of July again, as we turn naturally to the memory of the day when the American colonies declared their independence of Great Britain and became an independent nation.

Let us not look back at that day in 1776 through a rosy haze of historical fuddlement. When the bell rang in Philadelphia on that hot July day it was no signal for one great untroubled upswelling of joy. More than a year of war already lay behind the struggling colonies when Hancock wrote his bold signature; nearly seven more years of bitter struggle lay ahead.

It was no exercise in literary composition, that declaration, it was a decision. It was a decision of value only as it was made to stick with a cement of grit and blood.

The country was by no means unanimous in the decision, any more than it is unanimous in decisions that are being made today.

Many wagged their heads and said "We Americans can't win," in words not unfamiliar. Others gloomily feared that the radicals were in the saddle and that even a successful separation from England would leave a country scarcely fit to live in. Some feared for their lives, some for their money and property. Some found it better business to sell than to the Continental Congress for depreciating paper. Some snorted at the possibility of a French alliance—was not Louis XVI a dictator and no fit company for good Democrats? Some felt it would be better, cheaper in the long run, to pay unjust taxes than to fight a costly war. Some feared change itself as they felt their world slipping out from under them.

Oh, they were not all heroes then, those founding fathers who plunked for independence on July 4, 1776. They were about like us, good and bad, strong and weak, far-visioned and near-sighted—and just muddling. They weren't giants, they were just people like us, with their personal problems, likes, and dislikes. But in the end they faced their crisis and they saw it through. When the time came, they decided, and having decided, they allowed neither domestic dissidents nor foreign enemies to stop them.

That is the real thing to remember about the forebears whose Declaration of Independence we celebrate today. They wanted a world in which they could breathe the air freely. They went out and got it.

Five Hundred Americans Doomed

Automobile accidents will take 500 American lives during July 4, 5 and 6, according to estimates by the American Business Men's Research Foundation.

Approximately 25 per cent of the accidents—which it is said will number 19,000 including those not resulting in deaths—will be caused by intoxicated motorists.

Too many automobiles already are being driven by persons who are habitually bad performers even though they may never take a drop. These people simply can't help it that they are prone to wreck their cars and the cars and lives of others.

The fellow who can drive properly when not tipsy might well save his elbow-bending until after the holiday traffic jam. Then if he still is unhurt, he could put his car keys in escrow and go on a real celebration over the fact that he didn't get hurt, or hurt any one else.

A crowded highway is no place for a confused man, whether he is that way congenitally or as a result of too much scamper juice.

What One Man Saw

One man, in a long lifetime, saw these things: His mother murdered his father imprisoned, his grandfather exiled in a futile rebellion for freedom when he was 3.

His country divided, oppressed, for 50 long, turbulent years.

His country fought over by two great opposing forces in the World War, devastated and stricken again and again.

Its independence declared four years later, Two years later, a bitter and almost disastrous war with the new soviet state.

Twenty years of effort to establish republican government in the face of old racial and nationalist hatreds.

Another war, and his country overrun by blitzkrieg and partitioned in a few weeks.

Less than a year later, another fierce campaign sweeping across its prostrate body.

All this, in Ignace Jan Paderewski's 50 years. Yet despite it all, he was able to live a full and productive life in art.

American Ingenuity

The kind of ingenuity and resourcefulness that made this country the best in the world isn't dead yet.

A couple of our "civilian soldiers," a young artillery captain and a lieutenant from Tennessee, have what it takes. Faced with a shortage of sighting equipment for their guns, they didn't sit down in a corner and whimper. They went to work with a couple of sections of pipe and some mirrors, and built their own sight. Higher officers who have seen it tested say it's better than the regular equipment, in fact one said it was the most effective sight he'd seen in 22 years of army service. And it can be built for five or six dollars, when the standard sight costs six hundred. Whether their experiment will be as revolutionary as it seems probably awaits further testing.

But soldiers with that kind of resourcefulness are going to be all right. And so is an army that lets them experiment.

A celebrity is a person who is very much in the public eye—and occasionally in the public's hair.

NEWS BEHIND THE NEWS

(Distributed by King Features Inc. Reproduction in whole or in part strictly prohibited)

Washington, July 2—Leon Henderson, the price restrainer, was put through a wringer with thistles on it at a private protest meeting of congressmen engineered by Senator "Cotton Ed" Smith of South Carolina. The high point was a speech by non-new dealing Representative Gene Cox of Georgia, who said Henderson "is trying to Russianize the United States." This proved strong for new dealing Senator Scott Lucas of Illinois, who bowed himself out of the gathering, explaining: "I must be in the wrong room."

There were 20 senators and representatives when the meeting started, only 19 at the finish after Lucas withdrew, but congressional doubts about Henderson and all his price-fixing formulae extend far beyond this group.

In fact there is reason to believe Speaker Rayburn has informed Mr. Henderson and the White House that a strong presidential message will be necessary to furnish the push for any price fixing legislation. A majority of the lower house, though perhaps not of the senate, is at present dead set against firm tactics now on prices.

The leaders have understood the necessary presidential push will be forthcoming immediately after the holidays.

The leaders really wanted FDR to delay price action until congressional opinion has had a chance to settle. But Henderson is running into troubles in automobiles, furniture and otherwise, and wants power immediately. He is willing to compromise on farm food prices and other matters to meet congressional objections.

Basically his proposal is to follow the social security setup by establishing local boards in all large defense communities to work under a central board here, probably run by Miss Harriet Elliott, the consumers' protector in the defense organization. It might cover rents and possibly wages as well as prices.

Most impartial economists doubt that any legislation, however drastic, will succeed in stopping the trend toward higher prices.

Chairman Walter George of the senate foreign relations committee is being strongly importuned by business people throughout the south to take the chairmanship of the finance committee which handles taxes. It would be an unheard of step for anyone to relinquish the foreign post, considered the highest chairmanship in congress.

But George will handle the new tax bill and may decide to accept the lesser post permanently. Here's a reason:

Senate cloakroom comment suggests Roosevelt will be moving within 90 days in the international situation in such a way that George, a non-interventionist, might not care to go along.

The British are supposed to be working on spectacular aid to Russia, but no one here can guess what. Pursuit ships cannot be flown in from England to the Russian front even if extra gas tanks are installed. The railroads from which Germany is operating are wide open to bombing, but the range of British bombers barely enables them to get to Berlin.

They have insufficient equipment to make an invasion anywhere on the continent, but they may try some sensational large raids on the lowlands and France (Denmark is too far). Aside from this the only course open apparently is to continue trying to make hash

Mrs. Fred Seelmeier entertained thirty guests at a seven o'clock dinner and miscellaneous shower in her home on North Division street Tuesday evening, honoring Miss Ruth Gilbert who is to become a bride in the near future. Miss Gilbert was presented with many lovely gifts.

Mr. and Mrs. Harry Woodring of Sterling were callers in town on Wednesday evening.

Mrs. Orville Sweet, Mrs. Edward Tottenhagen of Polo, Mrs. Lawrence Reed, Adeline, and the Misses Vera and Ester Tottenhagen of Stirum, N. D., spent Tuesday at Dickeyville.

Mr. and Mrs. Floyd Davis of Dixon were Polo callers Wednesday evening.

Mr. and Mrs. William McCoy Jr. of Sterling spent the day Wednesday in the James Fredrick home.

Mr. and Mrs. George Gator spent today in Rockford.

Mr. and Mrs. Joe Enzler attended the funeral services for their sister-in-law, Mrs. Tony Enzler in Freeport today.

The annual Reck reunion will be held at Flag Staff Hill, Krape Park, Freeport, on Sunday, July 6.

Clifford Sweet of South Bend, Ind. is spending the week end with relatives.

Miss Luella Rummmonds is here from Oak Park visiting relatives. Miss Betty Leher who has been ill for several days is improving slowly.

The Stitch and Chatter club of the local Woman's Relief Corps were entertained by Mrs. Alice Porter Wednesday afternoon in the home of Mrs. Arastine Riggs.

Three persons died of gout in the U. S. in 1939.

Loud speakers were blaring recorded noises of battle (artillery, machine gun fire, screaming planes) around a division commander's tent during one of the recent summer maneuvers. A wounded officer from general headquarters staff finally dashed up, shouted: "Stop that infernal noise."

The commanding officer did not look in the direction from which the advice came, but coolly instructed an orderly: "If this kind of music gets on the nerves of any of my officers, I want to know the name of the man immediately." That settled that.

CLEO M. HAYNES

(Contributed)

Cleo Monahan Haynes passed away Saturday morning at the home of her sister in Chicago, June 14, 1941. She was born in Dixon, Jan. 24, 1897 and at the time of her passing was aged 44 years, four months and 20 days. She leaves to mourn her passing, her two children, Marilyn and Bill, her brother, M. C. Monahan, her brother, Roy and two sisters, Pearl and Harriett and a host of friends.

Upon her graduation from the public school in Dixon she enrolled in the Coppins commercial school and at the expiration of a period of special training, she accepted a position in the office of the late Harry Edward, where she served as stenographer for a period of four and one-half years.

At the time of her passing, she held the important position of secretary-treasurer with the power and lighting company of Davenport, Iowa.

A precious one from us has gone. A voice we loved is stilled. A place is vacant in our hearts. That never can be filled.

Sea Scout Ship No. 567 will meet at six bells tonight at headquarters, 97 1/2 Galena avenue, in full uniform for a trip to Camp Lowden to visit Sea Scouts from this area who are attending camp there this week. Mrs. Mroz who is in charge of the Sea Scout camp, has arranged a special program. Skipper Earl Slagle Jr. asks a full attendance of members.

Rising into the air straight from the ground, Igor Sikorsky, aeronautical inventor, broke all existing records for helicopter flight. The ship hung by its huge overhead propeller for 1 hour, 32 minutes 30 seconds.

GOD KEEP OUR FLAG

Men gave the red from their blood, bravely shed,
For the stripes of Old Glory above,
God gave the red from the blood Christ shed
That these men might know of His love.
God bless our banner and the living and dead
God keep our flag ever bright and Red.

Men gave the white from purity and right
For the flag that we ever adore,
God gave the white from a Life lived aright,
That men might live evermore.
God bless our banner and our country's might,
God keep our flag ever pure and White.

Men gave the blue from lives that were true
For Old Glory's starry field,
God gave the blue from a Life given for you
Who will to His Son humbly yield.
God bless our banner and our freedom too,
God keep our flag ever true and Blue.

39 YEARS AGO

While attending the horses at the Sam N. Watson ice house this morning, Jimmy Penney was kicked in the side by one of the animals and taken to the hospital. A committee composed of John E. Moyer, E. N. Howell, E. J. Countryman, Harry Kimmel and W. C. Jones of the Retail Merchants Association has selected Peoria for the next railroad excursion to be held Wednesday, July 23.

There will be a balloon ascension on the Fourth of July from the corner of First street and Peoria avenue.

25 YEARS AGO

Col. Frank O. Lowden of Oregon delivered an address on "Citizenship" at the Franklin Grove Camp meeting Tuesday, the Fourth. An automobile driven by John Hummel, who lives south of Dixon was damaged slightly when struck by a Northwestern freight locomotive at the depot crossing this morning.

Many Dixonites attended the Fourth of July celebrations at Amboy and Sterling yesterday, there being no program in this city.

10 YEARS AGO

City officials have ruled the cut-outs on automobiles driven on Dixon streets are to be discontinued at once. Dixon will enjoy the Fourth of July holiday tomorrow, all business being suspended with no planned celebration locally.

SERIAL STORY

ANOTHER MAN'S WIFE

BY DONNA ASHWORTH

COPYRIGHT, 1941,
NEA SERVICE, INC.

YESTERDAY, Ken has Lita's future all planned. She will go to his home town, Farmington, resume her real name, Ann Marshall. The society folk of Farmington will meet her, accept her. His mother will welcome her. But Ken married a dancer and took her home, his mother would never see Lita. Lita is not easily won over. She knows she would not like Ken's mother. She tells Ken to keep his picture. She doesn't like it.

JERRY FINDS OUT

CHAPTER IV

DAYS sped into weeks and Lita looked at Jerry, wondering if it were true that she no longer loved him and that she did love Ken Richards.

She studied the apartment in which they lived, looking at the Venetian blinds, the lovely hangings, the white and chromium furniture, the glass tables, everything as modern as tomorrow, and thought of a white house back in the trees. She listened to the roar of the traffic, watched the bright lights and thought of birds singing and the light of the stars.

"I don't know." Each time she talked to Ken she said the same thing, because Jerry was so much a part of her life, and the change Ken had suggested was so remote and unreal. It would take several weeks to get affairs arranged, to go to Reno and get a divorce. She shivered at the thought of the publicity. Then she thought of the future Ken had promised her, a home and friends, children, happiness, such as she had never known. At length she made up her mind.

AS she and Jerry came into the apartment after their night's performance, she stopped beside the door, watching Jerry as he went across the room. She had promised Ken that she would tell him.

She bit her scarlet lips as she met his brown eyes and studied his lean, handsome face. Jerry hadn't had many breaks. He'd worked up from nothing, sold papers on the streets, worked day and night to get where he was, and now she was getting ready to tear down his house of cards.

He could get another partner. Anyone could dance with Jerry, because he danced so wonderfully. He might marry Ruth Eustace, with all her money and position. She could give Jerry everything that any man could want.

"What's on your mind, darling?" Jerry threw off his coat and lit a cigarette, slouched down on the davenport. "Spill it."

"I've been thinking a long time, Jerry. We haven't been getting along so well. We don't seem to

be happy any more, and I . . . I want a divorce."

"A divorce?" He sat upright. "A divorce, Lita, you must be drunk. What are you thinking about?"

She laughed, a harsh, brittle laugh. Her heart was pounding so she couldn't get her breath. "Just what I said—a divorce."

"But you can't. Why, Lita—?" He was on his feet, hurrying toward her, his arms about her, as his eyes searched her face. "Darling, what is the matter? What have I done? I know I've been cross and irritable because I was tired, but it isn't your fault. You've known that."

"It isn't anything," She struggled against him. "It isn't anything you've done or haven't done, Jerry. It's just that I don't care any more. All the thrill is gone."

"There's someone else." Realization seemed to sweep over him. "That Richards. You want to marry him?"

"Yes, Jerry darling, please understand." She sought his eyes as she spoke, pleading. "It isn't as if I could do anything about it. You can't fight love. I thought I loved you. We were interested in the same things and you were so gay and kind and sweet and we had so much fun together. But I know now that it wasn't love. I've known it ever since that night I met Ken at Ruth Eustace's party."

"But Lita."

He sat down, staring at her as if he couldn't believe his ears. His face was grayish white and he looked tired and old. His voice was thick, shaking.

"He's changed you already, but I didn't know what was the matter until now. You're not yourself any more. You don't laugh like you used to. Oh, he can't love you like I do. It isn't real!"

SHE had known it would be like this, that Jerry wouldn't understand, and she spoke swiftly, angrily. "I do love him, Jerry. And he does understand the soul of me, the things I've always wanted. He isn't crude, I guess that's the word, like you and I. He hasn't come from nothing like we have. He wants me to be a lady like his mother, like I've always dreamed. He wants to give me background, security, something to tie to, not just froth and bright lights and glitter."

"He wants to make you into the imitation of a lady." Jerry was on his feet, his voice harsh as he flung the words at her. "But vengeer cracks and when it does, you'll be wanting the bright lights again. You'll be wanting me and like the sap I am, when you call me, I'll come."

"When you get sick of him and his grand manner and his artificial ideas and his insincere blarney, you'll send for me with my crudeness and my dancing feet and I'll come, because I do love you and can't stop it. I won't want to come, but I will come just the same."

"Oh Jerry! Can't you be sane and sensible? Can't we talk things over? Can't we get a divorce and still be friends? Just because we get a divorce isn't any reason for us going around glaring at each other and hating each other, and not speaking. After all, we're grown, sane, sensible, human beings, and it isn't . . ."

He picked up his coat and turned toward the bedroom. "You sound like a child, I suppose that's what he's told you, that it's just the modern sensible thing to do, that emotion doesn't enter into it, nor love, nor anything, and, of course, since you don't care any more, you may be able to take it quite calmly and go on being friends. But it happens I married you because I loved you and still do, and it may be sane and sensible to put on the friendly act, but I'm neither sane nor sensible when it comes to love and you."

"If you want a divorce, I'll let you have it, because I want you to have what you want. But don't expect me to say it with a smile and don't expect me to play at this friendship stuff. I'm getting out. I'll go to a hotel. You can do whatever you and your friend Ken want to do, and let me know what is expected of me and I'll do it. I prefer to deal with your lawyer, not with you. Then my emotions won't be involved."

"Jerry!" He did not answer her as he turned to the bedroom and closed the door behind him. She could hear him moving about, packing. She hadn't thought of it like this, definite, the end. Slowly she walked over to the window and looked out on the lighted city, lights and stars, stars Ken. She tried to think. It was easier thinking of those things Ken had promised.

The bedroom door opened. She did not turn. The outer door opened and closed.

She turned swiftly. "Oh, Jerry!" she cried out as she started toward it. "I'm crazy, Jerry! Maybe you're right. But I love Ken, I know I do!" Tears blinded her. The telephone jangled through the stillness. She lifted it.

"Oh yes, Ken." Her voice was tired. "I told him. Yes, I'm going to Reno."

Very simple and sporting indeed is the costume of blonde Priscilla Lane—a violent racing enthusiast. Her red and white striped jersey dress has a surprise neckline, a set-in belt and wrap-around skirt. Her gloves and tiny straw hat are sharp white.

MISS ELSIE NEFF MEETS MRS. GUNNAR NILSSON IN ANNUAL JUNE CONTEST FOR GOLFERS

Mrs. Gunnar Nilsson, 1940 champion of Dixon Country club women golfers, was trailing Miss Elsie Neff, two down, yesterday at the end of the first 18 holes of their 36-hole handicap match to determine A-flight honors in the linkswomen's annual June contest. The Nilsson-Neff match, which provided additional interest for the weekly ladies' day event at the club, was even when the duo compared scores after their first nine-hole tour of the course. They expected to play off their second 18-hole contest today.

Mrs. Eldon Myers is to compete with Mrs. Carl Plowman for honors in the consolation flight of the tourney. Prizes will be presented to winner and runner-up in both flights.

Yesterday's links event for the women golfers was a flag tourney, with Mrs. E. E. Barrowman leading the field. Her average permitted her to drive on the second hole, as she started her third circuit of the course. Miss Neff carded low putts, 12.

On Tuesday, Mrs. Nilsson, Mrs. Carl Buchner, Mrs. Barrowman, and Mrs. Myers motored to Clinton, Iowa, where linkswomen of the Clinton Country club were hostesses to 75 golfers from Davenport, Morrison, Twin City, and Dixon. Rock River and Rock Island Country clubs were also invited, but did not participate.

The day's tourney was in the form of an 18-hole handicap match, and no Clinton players competed for prizes. Mrs. H. K. Staats of Davenport led the field with low gross of 82, and Miss Ritchie of Morrison carded low gross for nine holes. Mrs. Lamb and Mrs. Phillips of Davenport were low net winners in the 18 and 9-hole divisions, respectively.

Mrs. Pippert of Twin City (Sterling) had low putts for 18 holes, and Mrs. Adams of Morrison, for nine holes. Mrs. Mary Lewis of Twin City had low total for long holes in the 18-hole division, and Mrs. Simonsen of Davenport, for nine.

Mrs. Nilsson of Dixon won honors for short holes in the 18-hole group, and in the 9-hole division. Mrs. Baldwin of Morrison was winner. Mrs. Vea of Twin City turned in the day's highest score, and Mrs. Verle Ritchie of Morrison made the largest number of strokes on the greens. Mrs. Tucker of Morrison received a guest prize.

Next Wednesday, the Dixon golfers will be entertained at Polo. The annual Lincoln Highway tournament will be played on the Dixon links, July 15-16.

Louise Burgess, James Edward Day, Wed at Evanston

Cool green and white was the color scheme for the wedding yesterday afternoon of Miss Mary Louise Burgess, daughter of Mr. and Mrs. Kenneth F. Burgess, and James Edward Day, son of Dr. and Mrs. James A. Day of Springfield, Ill. The ceremony was solemnized at 4:30 o'clock in the First Methodist church at Evanston, with a small reception following in the Hubbard Woods of the bride's parents.

The wedding is of interest here, of course, because yesterday's bride is a granddaughter of Mrs. Charles A. Todd of this city. Mrs. Todd, the T. J. Millers, and the Millers' daughters, Louise and Barbara, were among the dozens of out of town guests attending the wedding. Mrs. Miller is the bride's aunt.

The bride wore a simple gown of white marquisette made with a long waistline, buttoned down the back, and trimmed with some old family lace made into a collar. Lace from her mother's wedding veil edged the tulle veil of yesterday's bride, and she carried stephanotis and white orchids.

The bride had her sub-debutante sister, Joan Burgess, as maid of honor, and their little cousin, Lucia Passano, daughter of the Russell Passanos of Bethlehem, Pa., was flower girl. Bridesmaids were Miss Volinda Lewis of Washington, D. C., the bride's roommate at Vassar; Miss Marion Hall, Miss Barbara Remy, Miss Elizabeth McCain of West Hartford, Conn., and Mrs. Robert L. Foote.

The seven attendants wore apple green mousseline de soie dresses with short sleeves, and tiny ruffled pancake hats to match, trimmed with darker green velvet ribbon. They all carried white lilies with the exception of the maid of honor and flower girl, whose bouquets contained yellow lilies.

Richard V. Henry, Jr., was best man, and ushering were the bride's brother, Kenneth Burgess, Jr.; the bridegroom's brother, William S. Day of Springfield; John Covington, John Partridge, Donald McNail, Russell Bennett, Hall Layman, and Brunson McChesney.

After a motor trip east, Mr. Day and his bride will be at home in Winnetka.

Mrs. Audrey H. Mellinger gave a luncheon yesterday for the out of town guests, including Mrs. Todd and the Miller family.

DETROIT GUESTS

Miss Esther and Pat McDaniel of Detroit arrived in Dixon, Tuesday evening to spend a month with their uncle and aunt, Mr. and Mrs. W. A. Howe of 311 Douglas avenue.

DINNER GUESTS

Mr. and Mrs. Albert Hasselberg entertained at dinner last evening for Mr. and Mrs. Roy Brooks of Sterling and Mr. and Mrs. Thomas Hasselberg of Rock Falls.

Mr. Morrison received a guest prize.

Next Wednesday, the Dixon golfers will be entertained at Polo. The annual Lincoln Highway tournament will be played on the Dixon links, July 15-16.

Community Players Have Picnic Supper

When the Community Players, newly-organized Little Theater group, held their first monthly meeting last night at Lowell park, each member was contributing a dish to share for a picnic supper, served cafeteria fashion. About 50 were present, including two out-of-towners, Mr. and Mrs. Neil Allen of Oregon, who are joining the group.

Several others were submitting membership dues last evening. Joe Hall, president, conducted a brief business session, before the group divided for croquet, soft ball, and discussion of plans for the coming season.

Residents of surrounding communities, who are interested in Little Theater projects, are invited to become members.

Golfers Have Freak Tourney

Golf, always a baffling pastime at best, was unusually difficult for junior linkswomen of the Dixon Country club last evening, when they made a nine-hole circuit of the course with a putter and No. 5 iron as their only "legal" clubs. The novel tourney was a two-iron match instigated by Miss Helen Krug, July chairman, and about 25 golfers participated.

The method of awarding prizes was as freakish as the links event. Sharing honors were Miss Imogene Greer, Mrs. Oscar Johnson, Miss Dorothy Hurst, and Miss Dorothy Dodd.

Later in the evening, Mrs. Jack Sharkey was serving supper at the clubhouse. Afterward, several of the group lingered at the clubhouse for bridge games. Mrs. John Gray of Joliet, formerly of this city, attended as the guest of Miss Anna Jean Crabtree. "Regular" golf is scheduled for next week's supper match.

BIRTHDAY SUPPER

Mrs. Victor Potts arranged a birthday party last evening, with Mrs. Vincent Ridenhour, Mr. Potts' sister, as guest of honor. Half a dozen friends were invited to the Potts apartment at 622 South Ottawa for a buffet supper.

Pink and white appointments were used. Guests were the Misses Elizabeth Healey, Georgia Eastman, Mary Scanlon, Marie Potts and Mrs. Ridenhour.

New passenger car registrations in 110 principal cities for the first 28 days of April were 34.26 per cent higher than during the same period last year.

HELEN JOLLY AND JORDAN SPOTTS EXCHANGE VOWS

Miss Helen Ruth Jolly, daughter of the Dennis Jollys of 1222 Sixth street, and Jordan Spotts, son of Mr. and Mrs. Roy Spotts of Sterling, were married at 7:30 p. m. Monday in Oregon.

Mr. and Mrs. Elwood Cruise of Dixon attended the couple. Others present for the ceremony were the bride's parents and Mr. and Mrs. Sherman Crump of Sterling. The bride was dressed in dusty rose with white accessories. Mrs. Cruise chose red and white print, with blue accessories.

Mr. Spotts and his bride are expected to return Saturday from a wedding trip through Wisconsin, and will be at home in Sterling. The bridegroom, who was graduated from Sterling high school, is employed by the Geyer Manufacturing company of Rock Falls.

NIMBLE THIMBLE CLUB

The Nelson Nimble Thimble 4-H club met recently at the Cook school, with eight members and two visitors attending. The program included work on club books, and a recitation, "I Am Just American," by Arlene Langhoff. Refreshments were served by Arlette McCord and Mrs. Moeller.

AT CAMP

The Rev. C. L. Wagner and daughters, Margaret and Elizabeth, and Irene Gerdes and Hulda Schaefer are attending East Bay Bible camp and the Illinois district convention of Luther Leagues at Lake Bloomington, Bloomington, Ill., this week.

WHY ON EARTH DO THEY DO IT?

...insure the other fellow's car ...and not their own

Sure, you ought to insure yourself against any damage your car may do to the property of others. But what about your property...your car? Unless you have collision insurance, you're paying money to protect the other fellow and leaving yourself out in the cold.

Moral: Give yourself a break. Let us fix you up with protection for your OWN car.

Reds Resistance

(Continued from Page 1)

eral feeling the German drives were slowing up, but Russia's Premier Joseph Stalin in a rare speech warned his people of grave danger and called upon them to combat the invaders with a huge "scorched earth" campaign.

"Foment guerrilla warfare everywhere . . . blow up bridges and roads . . . set fire to the forests!" Stalin ordered.

The Berlin radio declared Stalin's broadcast—his first to the Russian people since 1936—bore "a striking resemblance to the speech of the French Premier Reynaud when the German forces had broken through the Maginot line" last summer.

The Soviet war bulletin, far from indicating any general collapse of Russia's armies, reported fierce battles were raging in the vicinity of Borisov, 50 miles along the 450 mile motor highway from Minsk to Moscow, and on a triangular front 50 miles east of German-captured Lwow, in old Poland.

Fighting in Far North
In the far north, in violent night fighting, the Russians declared they had inflicted "a great defeat" on two German infantry divisions—about 30,000 troops—which yesterday launched a drive up the Sredni peninsula against the ice-free Arctic port of Murmansk.

London military advisers said the Germans were massing in the Dvinsk sector, in Latvia, for a powerful thrust at Leningrad, Russia's second highest city.

In his broadcast, Stalin conceded the fall of Lithuania to the Germans, along with most of Latvia, western White Russia and part of the western Ukraine.

Conflicting versions of the Nazi drive into the Ukraine came from Moscow and Berlin.

On the Baltic front, where the Germans were aiming at Leningrad, Berlin asserted that Nazi troops had crossed the Dvina river, leaving broken Russian forces behind hopelessly trying to break out of the Riga-Dvinsk-Tilist triangle.

Stalin Lays Down Plans
Laying down a detailed set of rules for fighting, he told the people they must take up guerrilla and sabotage activities to help the Red army defeat the invaders who, he said, "must be hounded and annihilated at every step, and all their measures frustrated."

He expressed gratitude to Britain and to the United States and referred to peoples of Europe and America as "loyal allies."

"Above all it is essential that our people, the Soviet people, should understand the full immensity of the danger that threatens our country and abandon all complacency, all heedlessness x x x," he said.

The Red army, for the first time, conceded the German penetration into the U. S. S. R. had extended beyond Minsk and said violent fighting was in progress along a battle line extending from Murmansk in the north to Luck in southern Poland.

No Mention of Minsk
Neither Russian nor German announcements made direct mention of Minsk which the Germans were believed to have bypassed to get a hot on the Minsk-Moscow highway.

The Germans reported offensive operations were continuing after their forces had achieved "a decision of world historical importance" in their east of Bialystok in Poland.

Dienst Aus Deutschland, usually well-informed commentary, said Nazi "speed troops" were moving toward Kiev, Ukraine capital, after crossing the Pinsk river.

There was no confirmation in Berlin of reports that Murmansk had been occupied by Alpine troops from Norway, but the Russians said an offensive in that area by about two divisions was halted.

In the western air war, RAF bombers flew again on overnight raids aimed at the Ruhr, the Rhineland and northwest Germany and Berlin sources said several western German cities and one northern city were bombed, but ineffectively. The Germans reported sinking a merchantman in raids on Britain.

On the African front the British announced that the Italian commander at Debra Tabor, one of the last strongholds of Italian resistance in Ethiopia, has agreed to surrender with about 4,200 troops.

At sea the Germans reported the destruction of 768,950 tons of British shipping during June.

Many Soldiers at Camp Forrest Will Be Home for Holiday

Camp Forrest, Tenn., July 3.—(AP)—Four special trains will take 2,500 Illinois soldiers home for the Fourth of July weekend, but for many other members of the 33rd division the holiday leave will be delayed one to three weeks.

Army troop movements have so tied up railroad facilities that transportation isn't available for all the men.

The special trains were scheduled to leave at 3 p. m. today, returning the men to camp by 8 a. m. Monday. One train will go to western Illinois, another up the eastern side of the state, the third to northern cities and the fourth to Chicago.

Of the 17,000 men in the 33rd division, 8,000 will be permitted to return home for brief visits. The 4,500 who aren't on the special trains or who don't arrange bus or automobile transportation must wait until later in July, however.

Keeping Stoll Happy
Chicago, July 3.—(AP)—Ed Stoll ate every night with a friend in a loop restaurant. Each time they paid their checks, they flipped a coin to see who paid the sales tax. Recently his friend was drafted.

To Keep Stoll happy, the restaurant's cashier now flips him for the tax.

Two Enlist in Army Here—
Sergeant Emmy W. Jones of the Dixon Army recruiting station today announced the enlistment of two young men from this locality who have been assigned to the 58th Pursuit Group, at Baton Rouge, La. Herbert L. McClanahan of Eldena, and Waldo L. Ensminger of route 2, Rock Falls are the latest recruits signed at the Dixon station. The contingent to which they have been assigned is being organized at Selfridge Field, Mich., and later will be transferred to the new southern post.

Automobile Demolished—

A car driven by John Fisher of Rock Falls was completely demolished at midnight last night at Drew's corners west of Dixon on the Lincoln Highway, when it is reported, it rolled over four times. The driver sustained numerous cuts and bruises but was not seriously injured. Fisher was driven from the car when it skidded at the curve and rolled over, tearing down a long section of guard rail fence. The machine struck a telephone pole which was also snapped off.

The War Today

(Continued from Page 1)

harks back a little more than a year to the historic summons of Britain to the battlements by Premier Churchill. There was warning but no despair, in his "I have nothing to offer but blood, toil, tears and sweat."

Hitler's legions are sweeping into Russia at most points along the 2,000 mile front. The swastika may fly above the Kremlin in Moscow soon, and nazis may swarm across the fertile fields of the Ukraine.

In view of the "immensity of the danger that threatens our country," as Stalin bluntly put it, his "scorched earth" policy may well be the strategy most likely to save Russia in the long run. This means the burning of all crops which might fall into Nazi hands, and the destruction of all supplies of every description that might help Hitler. Along with this the people are admonished to carry on guerrilla warfare and sabotage, to help the Red Army defeat the invaders.

It is chiefly to secure food, oil and other essential supplies to keep the blockaded continent of Europe going that Hitler has struck at Russia. If Stalin can keep his enemy from securing those supplies, even for a twelve month, then the bolsheviks may win the main battle of the war.

In view of Hitler's successes in Russia, it is interesting to hear General Sir Claude Auchinleck, the British new commander in the Middle East, declare that a German victory over the soviet and a possible Nazi break-through into eastern Asia of little consequence.

The general is replacing British war hero General Sir Archibald Wavell, who takes over the position Auchinleck has held as commander in India.

Transference of Wavell from the crucial campaigns of the Near East to the comparative quiet of India was bound to raise a storm of speculation as to whether this unexplained move constitutes a demotion or a promotion.

However, whatever may be the exact reason, the thing that really matters is that Wavell carries a tremendous amount of experience and administrative ability to India at a critical moment.

More to the point is the little publicized fact that India is one of Britain's major supply bases for the war. Further, protection of strategically important Iran (Persia) and its rich oil wells falls to the British forces in India. Probably neighboring Iraq also will be placed under this command, which means Wavell.

Whether Hitler aims at a drive into Persia and Iraq and points east is his secret. However, the possibilities of a Nazi assault on India cannot be overlooked for a moment by the British.

And that isn't the whole of it. Japan long has visualized the flag of the Rising Sun floating over the plain of Delhi. Britain must figure that if Japan should come into the war on the side of the axis, she most surely would strike for India with all her might.

Juries Find Death of Four in Family Is Due To Accidental Cause
Vermont, Ill., July 3.—(AP)—Coroner's jury, sitting at a double inquest, returned two verdicts of accidental death last night after hearing evidence relating to an auto-train crash which killed a mother and father and two children.

Victims of the accident, which occurred Monday night when their auto struck a freight train near Table Grove, were James Lawson and his wife, both 51, a daughter, Flora, 11, and a son, Reed, 19.

Lawson and the daughter were killed instantly in the crash which happened in Fulton county, while Mrs. Lawson and the son died in a Macomb hospital, in McDonough county.

One jury summoned by Dr. Mark S. Nelson, Fulton county coroner, the other by W. T. Yates, coroner of McDonough county.

Edwards—Wahlstrom

Mr. and Mrs. Marshall Edwards, of Mendota, announce the marriage of their daughter, Lucille, of Rockford, to Gaylord Wahlstrom, son of Mr. and Mrs. Oscar Wahlstrom, Rockford, which occurred Saturday, June 28.

They were married in Our Saviors Lutheran church, Rockford by Rev. John A. Peterson.

Attendants were Mrs. Clifford Lindoas and Seidel Wahlstrom, both of Rockford, Constance Jordahl of Lee played organ music for the ceremony.

The bride was attired in a white alpaca crepe redingote with white accessories. Her corsage was of tea roses. Mrs. Lindoas wore a gown of dusty alpaca. Her corsage was also of tea roses.

The bride's mother wore a dress of navy blue sheer with a corsage of carnations, while Mrs. Wahlstrom was attired in a flowered sheer, her corsage was also carnations.

Following the ceremony a reception was held in the home of Mrs. Lindoas, sister of the bride. The house was decorated with garden flowers. A three-tiered wedding cake centered the bridal table.

The bride is a graduate of Mendota Township high school, class of 1936 and has been employed since graduation at Rockford.

Mr. Wahlstrom is a graduate of Rockford high and is employed by the Rockford Machine and Tool Company.

The bride and groom left later in the day on a wedding trip to northern Wisconsin and upon their return will live in Rockford.

With Co. A at Camp Forrest

By JAMES W. KLINE
Private First Class

The 129th Infantry was selected to form the guard of honor for the parade in respect to the Secretary of War at his recent visit to this area. Led by Lt. Col. Sherwood Dixon, the following men of Co. "A" were in the battalion—Sergeants Clinton Woodyatt and Robert Wilhelm; Corporals Milton Crabtree, Thomas Sutton, Wayne Brooks, Kenneth Adams, James Ryan, Gilbert Frase, Scott Smith, Max Fordham, Lawrence Jenks, Edwin Voss, and Frank Stanaitis; Privates first class William Kinney, James Conway, Paul Killeen, Ernest Schmalt, William Mann, and Wilbur Haws; Privates Raymond Drew, Joy Middleton, Guy Moser, Clarence Schmalt, Lyle Smith, Kenneth Smith, Louis Gabany, Rodney Buchman and Lyle Etheridge. The boys said they were mugged several times so maybe you will see their pictures in the Chicago papers.

The weather has been scorching hot, but each day finds the boys ready to do their day's work. And believe me, it is hard work sometimes, but that makes it more worthwhile, and proves that the training, taken in the proper spirit can build both minds and bodies.

Perseverance always merits it's just reward. Consider the plight of the head of our mess hall. For months on end, the "Best Mess-hall" sign hung on the kitchens of various other companies of the regiment. About ninety per cent of the time it was at Company F, where Ralph Steckels feeds a contented body of men. Then the spell was broken and it came to the first battalion, Company D. The very next day a commotion began in the back of our kitchen and upon investigating, there was the entire company gazing with awe and amazement at a little blue square of wood with the words inscribed "Best Mess Hall". It has been several days ago now, and for those who were too shocked to take a picture of it, the whole thing seems unreal and fantastic, but it is true, folks. I saw it myself. Probably it will always be one of those unsolved mysteries.

Next week end, fifty men from Company A will be at home for the first time in four months. The next two weeks after that the remainder will take their leave.

Private First Class Nelson H. Camery has transferred to the Second Battalion Headquarters detachment to be Col. Sherwood Dixon's chauffeur. "Doc" is probably the shortest soldier in the regiment, but he is a giant in wit and humor. Quite a lady-killer, too.

This morning "Cowboy" Smith was cleaning the first barracks latrine and some of the other boys, just in fun, threw eight or ten buckets of water in on him. Determined not to be disturbed any more, at least until his job was done, he closed the door, connected the hose and went back to work. The Mess Sergeant, also determined to put a stop to such foolishness, even though it was out of his ward, bounced down the stairs and right in the middle of Pvt. Smith's diligent labors was greeted by a blast of water that literally washed him out on the back porch. Ludey Valbey pulled for shore and sloshed right into the orderly room to make his report to First Sergeant Joe Gasser. Now poor "Cowboy" is riding herd on the pots and pans, and all through no fault of his own. Anyway it presented a picture we will always hold in our memory. Thanks, "Cowboy."

Last week Mr. and Mrs. Fred Bunnell drove down to see Corp. Gilbert Frase, Mr. and Mrs. Merle Hamburg and Miss Jean Walker of Mendota, were here to see Corp. William Lalley and Pvt. Charles Lalley.

an accordion furnished several beautiful musical selections. The following members of the family were present: William E. Brown, Mr. and Mrs. William Black and daughter, Marie, Mr. and Mrs. Howard Karper and daughter, Kathleen, Mr. and Mrs. Morris Clutz and Mr. and Mrs. Raymond Hood all of Franklin Grove.

Mr. and Mrs. George Clutz, Jr., Paul, Robert and Shirley, Mr. and Mrs. George Clutz, Sr., and daughter, Betty, of Kaukahee, Mrs. Tracy Robinson, Mr. and Mrs. Fred Schwank, Freddie and Patsy, Bernice Schouff of Rock Falls, Mr. and Mrs. Jacob Huff of Peoria, Mr. and Mrs. Samuel Clutz, Hazel, Audrey and Samuel, Jr., Mr. and Mrs. Zon Wolfe of Redfield, Ia., Mr. and Mrs. Walter Parks and son, Joseph of Byron, Mr. and Mrs. Roy Robinson, son, Eugene of Morris, Mrs. Ruby Marlene of Linden, Ia., Mr. and Mrs. Harry Wigton and son, William, of Stewart, Ia., Mr. and Mrs. O. C. Legore, Mr. and Mrs. Alfred Robinson, George and Lester of Dixon, John Bodge, Jr., of Chicago, Mr. and Mrs. Arthur Garth and daughter, Hazel and Mr. and Mrs. Carl Garrett and Dudley Willis of Amboy.

Due to rain in the afternoon the group went to the home of Mr. and Mrs. Garth, where pictures of the party were taken outdoors and also indoor flashlight. They departed for home about 7 o'clock.

Mrs. William E. Cannon and son, Eddie of Guymon, Okla., arrived in Mendota, Monday afternoon from Galesburg where she had been visiting her father and mother-in-law, to visit her parents, Mr. and Mrs. Ed Jones, for several weeks.

Mrs. Stouffer will continue to operate her dress shop, commuting daily from Polo.

Mr. and Mrs. Earl Deihl and family were guests Sunday of Mr. and Mrs. John Wilt in Sterling. Mrs. Wilt has resigned as music supervisor of rural schools in Ogle county and the Wilts are making their permanent home in Sterling where they have built a fine new home.

Boys of the 129th Infantry band who were planning to come home for the holiday week-end have written the home folks that the band has a week-end engagement necessitating their stay in camp.

Miss Betty Lou Stage is spending several weeks with her sister and brother-in-law, Mr. and Mrs. Harold Tracy at Fort Atkinson, Wis.

Charles Ford remains quite ill at the Rockford hospital.

Mrs. Leroy Dohlen and infant daughter returned home Monday from the Sterling hospital.

Mrs. L. G. Schaar was notified this week that she had been elected fourth vice president of the Women's International Aux-

iliary to the Typographical union. Mrs. Schaar has been an active member of the local Auxiliary, twice serving as president and she represented the organization at the conventions held at Fort Worth in 1939 and at New Orleans in 1940.

Mr. and Mrs. Fred Parks received word from their son-in-law and daughter that they were moving to Boston to live. Nelson was purchased by the Boston Red Sox on Monday of this week.

Tuesday and Wednesday he worked with the Red Sox in New York City where they played against the Giants and Thursday and Friday the Red Sox will be in Philadelphia. Mr. and Mrs. Parks are leaving next week for a vacation motor trip and will visit the Potters in Boston, and their son, Dick, at Camp Forrest.

Obituary
Frederick Drexler, the son of Edward and Cynthia Watts Drexler, was born in Pine Creek township on September 20, 1892. He passed from this life at the Dixon hospital June 27, 1941. His age at death was 48 years, nine months and seven days.

On May 26, 1917 he was united in marriage to Lida Ruhr of Rochelle, Ill. To this union two children were born, both of whom with the mother survive their father. The children are Frederick, Jr. of Rockford, and Roderick of Mt. Morris. Besides the wife and children Mr. Drexler leaves his mother and a sister, Mrs. Caroline Sheeley of Oregon, as well as a host of other relatives and friends to mourn his untimely passing.

The deceased had lived his entire life within the bounds of Pine Creek township.

Being a lover of animals, Mr. Drexler had given a great deal of attention to the raising of livestock, especially horses. It was largely because of this interest that he became one of the best known of the farmers of the community. It was while riding one of his favorite horses that he was thrown, causing the accident that ended his life so unexpectedly. Injured in the early afternoon he was rushed to the hospital where death came to relieve his suffering before the coming of the night.

The sympathy of the entire community goes out to the wife and boys and to the aged mother, as well as to the other bereaved ones in these moments of their great sorrow. Fred Drexler will be missed in his community for he was a farmer and business man, but above all this, he was a fine man and a good neighbor.

Funeral services were held Sunday afternoon in the Lutheran church of Mount Morris. Burial was made at the Salem cemetery southeast of the city of Mt. Morris.

Dixon Babes' King and Queen to Be Crowned July 11th

Miami Beach and their glorified beauties have nothing on the baby beauty parade which was staged at the Loveland Community House under the auspices of the Veterans of Foreign Wars Auxiliary Wednesday. Some of the youngsters timidly paraded before the group of five judges while others really seemed to enjoy the attention they received from the enthusiastic audience. Some were dressed in tight fitting bathing suits, some in frilly sun-suits and a good many of the boys had swimming trunks to show off their manly bodies. The five who judged the babies on perfection of form and features were: Mrs. H. F. Walder, Mrs. Merton Ransom, Mrs. L. Diessness, Mrs. J. Hawker and Mrs. P. Faber. The babies that they have selected in each age class will again parade at the Coronation Pageant July 11 and Miss and Master Dixon will be chosen from that group.

Leaders Listed

Babies leading for the title of King and Queen up until Wednesday evening are: under one year, Sterling De Arvil, Gary Myers, Robert Knelson, Charles Brainerd, Nancy Drew and Mary Giese; one to two years, Donald Corso, Patricia Van Zuiden, Janet Butterfield and Marlene Heckert; two to three years: Robert Peterson, Donald Bock, Robert Wernick, Nancy Jean Rorer, Beverly Ann O'Brien and Susan Ann Etnyre; three to five years, Kenneth Shelton, Melvin Deets, Keith Flamingham and Billie Mason.

According to the baby show committee examinations will be completed today. Certificates will be awarded to babies scoring over 90 per cent in health.

Oologist Gets Many Specimens in North

Quincy, Ill., July 3—(AP)—The biggest thrill of Mrs. Josephine Crutten's vacation was finding the nest of a Hudsonian crow. That was near the bleak shore of Hudson Bay, within 600 miles of the Arctic Circle, she said today.

From hiding, she had watched through binoculars for hours before the alighting curlew betrayed the location of its nest.

Her oologist-husband, John R. Crutten of Quincy, led the expedition into Canada during June. An oologist is a collector of birds' eggs. The Crutten brought back 36 species, many rare.

JOE AIMS FOR TRIPLE CROWN OF BATTING

By JUDSON BAILEY
Associated Press Sports Writer
Poker-faced Joe DiMaggio, the greatest player, excluding pitchers, in the recent era of baseball, has reached his goal of a new all-time major league record for hitting in 45 consecutive games and now can try shooting for another prize—the "triple crown of batting."

This bauble is the three-way championship in percentage hitting, home runs and runs batted in and is one of the most elusive batting honors in the game.

In the last 15 years it has been won only by the immortal Lou Gehrig, who, incidentally, is to be memorialized by the New York Yankees and fans in a ceremony in Yankee Stadium before tomorrow's doubleheader. Gehrig captured all three in 1934 when he hit .363, collected 49 home runs and batted in 165 tallies.

Babe Ruth was never able to hit this target. Rogers Hornsby did it twice in the National League in 1922 and 1925. Other heroes of the past might have achieved it, except that runs batted in were not recorded until the last two decades. Anyway it is a coveted prize which only a really great, all-around hitter can hope to win.

He Has a Chance
DiMaggio has a chance. His blow yesterday to break the 44-year-old mark of Willie Keeler for hitting in the most consecutive games was a sizzling home run, his 18th of the season, and preserved his leadership in this department.

In batting in three runs to help the Yanks rip open the Boston Red Sox 8-4 he also lifted himself within four "RBI" of the league leader, Teammate Charley Keller, who hits his 17th homer in yesterday's game.

Joe's batting average of .348 is 53 points behind the .401 pace of Boston's Ted Williams, but their marks have been sliding closer together for weeks.

Yesterday's victory was New York's sixth straight and 20th in 24 games in a furious surge that has made the rest of the league groggy and given the Yanks a lead of three full games over the Cleveland Indians, who were idle yesterday.

DiMaggio's homer came with one on in the fifth inning and so unsettled the Sox that New York was able to score six times on three hits in that one frame and give Lefty Gomez margin for his sixth victory, although the 95-degree temperature forced him out the next inning.

A's Clip Senators
In the other American League tussles the Philadelphia Athletics clipped the Washington Senators 7-6 on Bob Johnson's 17th home run in the tenth inning and Detroit nosed out the Chicago White Sox 1-0 in a spectacular night game pitching duel between Bobo Newcom and Bill Dietrich.

The tottering Tiger ace allowed just three scattered hits in one of the best performances of his varied career and preserved the one run margin given him in the first inning by Pat Mullin's single and Rudy York's double. Dietrich gave only five hits in losing.

In the National League the Brooklyn Dodgers punished the Phils for Tuesday's setback by taking a 9-3 decision and chopping the lead of the idle St. Louis Cardinals to half a game.

Pittsburgh beat the Cincinnati Reds 8-3 for Paul Derringer's tenth loss of the season as Maurice Van Robays and Elbie Fletcher came through with timely hits.

The Boston Braves and New York Giants divided a doubleheader with two four-hit pitching exhibitions. Dick Erickson and Tom Earley shared the mound assignment in winning the first game 5-4 and Bill Lohman retaliated with a 6-0 shutout in the nightcap.

INJURED ELBOW HANDICAPS STONEHOUSE

A splintered bone in his right elbow is a serious handicap to the aspirations of Pro Ralph Stonehouse who left last night for Denver where he will compete in the National P. G. A. tournament starting July 7. Stonehouse is not certain how the elbow was injured, but he was conscious of it in the Mid-West Open last week and at Kankakee. In spite of that fact, he was one of the ten low scoring pros in that event. X-rays of the elbow in Chicago last week end revealed the injury and an operation will be performed sometime in the fall. While in Denver, Stonehouse will stop with H. A. Lazier, Jr. formerly of Dixon and he may be addressed in care of Mrs. Charles Kerney, 1228 Gaylord street in Denver. The tournament is to be played over the Cherry Hill course.

CHAMPIONSHIP GAME SUNDAY

Dixon's Junior Legion baseball team will meet the West End Business Men, Rockford's Legion Junior baseball club, here Sunday afternoon at Reynolds Field at 1:30. With the Knacks scheduled to play Prophetstown at 2:30, that gives local fans an outstanding double bill to complete the holiday week end. The juniors' game will decide the championship of the district. The Rockford boys, winners of the west side league, trounced Burr's Sporting Goods in a doubleheader last Sunday, to annex the city title.

PHEASANT CHICKS ARRIVE

Members of the Lee County Sportsmen's club recently received a shipment of 225 pheasant chicks from the state hatchery at Yorkville. The chicks, which were just two weeks old, were taken to the brooder house at the W. J. Fenton residence in Amboy and after a six weeks' period they will be turned into a range pen. Another shipment of between 200 and 250 chicks is expected again this summer. When the pheasants have reached maturity they will be released in the fall. Club members will work in the distribution.

SOFTBALL GAMES HERE TONIGHT

Start your holiday celebration tonight with the twin bill of league softball games at the Dixon Airport ball yard. In the first contest the Reynolds second place team will meet Freeman's and in the nightcap the Bordens will meet Nachusa.

EITHER . . . OR . . .

The Dixon Beier's Tennis club is having difficulty arranging the scheduled match with Rochelle. The Hub boys would rather not play here on the Fourth of July and George Covert of the local team (who is also secretary of the southern division of the Rock River Valley league) has agreed to play at Rochelle. No answer to this arrangement has been made and Covert will ask a forfeit if the two teams can not agree on a location. So as it stands, Dixon will play either at Rochelle or here tomorrow—or not at all. If the locals play the lineup will include: Ward Smith, Alan Wieman, Harold Peterson, Dick Joslyn, Bob McNamee, Howard Quick, Bill Moser and Covert. The latter, returning to the game after an ankle injury, will play only in the doubles.

JUNIOR LEGION PRACTICE

The Junior Legion team will hold a practice session at Reynolds Field at 6 o'clock tonight. All members are requested to be present. There will be plenty of hitting practice in preparation for the Rockford team which comes to town Sunday for a very crucial game. Any members of the athletic committee of the Legion are welcome to attend the practice.

MAYTOWN VS. ROCK FALLS

Rock Falls' baseball team, the Howe All-Stars who play here tomorrow, will go to Maytown Sunday, July 6, for a return game. Play is scheduled to start at 2:30 o'clock. In a game with Rock Falls played several weeks ago, Maytown was defeated, 5 to 1.

BETTY PUTNAM LOSES

Betty Putnam, Oregon, Ill. golfer who represented the University of Arizona in the women's National Intercollegiate golf tournament, was defeated, 5 to 4, yesterday by Edell Wertz of Fort Smith, Ark., who represents Stephens college. The tournament is being played at Columbus, Ohio.

PROBABLE SUNDAY CONTEST

The Dixon and Polo softball leagues are likely to compare talents in a game between Tony's Ranch and the Nachusa team which has been tentatively scheduled for July 13 at the Dixon Airport. Tony's team is tied for second in the Ogle county circuit.

BUMS ARE KINGS

The Dementtown Bums are reported to have defeated the John Dixon park team in a doubleheader softball series at Highland park yesterday. The scores were 11 to 6 and 6 to 3. The lineup for the winners included: McKenney 1b; Anderson 2b; Richards ss; Whalen 3b; McDonald lf; Loftus p; Callahan c; Leeper c. Walters led the park boys in hits while Hargraves, Lair and Alexander shared the pitching.

BOWLING ALLEYS NEAR COMPLETION

The new bowling alley establishment which is being constructed at Polo nears completion. The roof on the yellow brick building is now being put up.

ADDRESS DEPARTMENT

Henry Whitebread who left Dixon several months ago as a member of the United States Army, is reported to have been transferred recently from Camp Roberts, Calif., to the quartermaster corps at Camp San Luis Abispo, Calif.

KEEPING TAB

Johnnie Lindell (Coach C. B.'s kith and kin) was the winning pitcher when his Newark mates defeated Jersey City in an International League game recently. John allowed only three hits, walked none and struck out two. As relief hurler in the 12 to 7 victory over Baltimore, Lindell allowed one hit in two innings and in one appearance at the plate he got a single which later counted for a run. Newark leads the circuit with 46 wins and 27 losses.

NEW DATE FOR MOTORCYCLE RACES

The Rock River Riders' Motorcycle club races which were scheduled last Sunday were rained out and will be held on August 24. Although a large crowd was present at Wellers Woods, a mile north of White Plains state park, last Sunday, the weather prevented the events and the club was forced to refund ticket money.

RESULTS TO DATE IN TWO-BALL TOURNEY

In the results to date in the first round of the Dixon Country club's two-ball handicap match play only a few matches have been carded. Dale Senneff and Lee Shoaf defeated Don Raymond and Dr. H. A. Lazier, 2 and 1; L. G. Rorer and Frank Rorer defeated H. E. Stuart and C. F. Clader 1 up at the end of an extra 18 holes; A. V. Lund and J. C. Graff defeated Ken Detweiler and Darrell Reis, 3 and 2; Ray Wilbur and E. E. Barrowman defeated L. G. Cannon and Fred Huebner, 7 and 5. Other matches are to be played this week end.

GET MOVING, GOLFERS

This morning only a few entries had been received in the Homecoming golf handicap tournament which is open to all Dixonites and visitors. Ken Detweiler, chairman of the event, reminds players that many handsome prizes are to be awarded and urges golfers to register at once.

ANNUAL FAMILY FOURLINE

Herbert Jones, formerly of Dixon and who is now business manager of athletics at the University of Notre Dame, will arrive in Dixon for the annual Homecoming celebration and he is scheduled to meet Brothers Willard, Edward and Gerald in their yearly golf foursome on Saturday. Willard is defending champion of the family and declares he is ready anytime—morning or afternoon—to take on the rest of the family. The event will be staged at the Dixon Country club course.

Detweiler to Defend Title in Lincoln Highway Tourney

TIM SULLIVAN TO BE THE OFFICIAL TOURNEY SCORER

Seven Clubs Will Meet In Annual Event on DeKalb Course

Tim Sullivan of Dixon who has been official scorer for the Lincoln Highway Golf Association's annual tournaments for the past 19 years will count noses and score cards again this year when the event opens over the Kishwaukee Country club at DeKalb on July 9. Featured with Sullivan and Dixon's contribution to the big event is Ken Detweiler of the local country club, 1940 individual champion, who will be out to defend his title, unless he fails in the local qualifying tests—which certainly isn't likely. He already has a 36 for the first nine holes.

The Lincoln Highway tournament is one of the oldest small tournaments in this section. There are seven clubs represented: Kishwaukee Country club of DeKalb, Clinton Country club of Clinton, Ia., Rock River Country club of Oregon, Dixon Country club of Dixon, Rock River Country club of Sterling, Morrison Country club of Morrison, and Edgewood Country club of Polo.

Defending Champions

Oregon's crack team will be the defending team champion in the two-day event.

The tournament is played on a team play bogey system, each individual playing against bogey and is either up or down, depending on whether or not he ties or beats bogey on the hole. Last year Oregon had a total of 98 plus points up on bogey as winners.

The individual scoring is based on strokes. The low medal score is the individual winner. Each club sends a six-man team and enters its squad as number one man, number two man and so on in order that there are six flights and individual flight winners also. The method of scoring is novel and one of the few of its kind being used. The tournament has been played on this basis since its inception. The association was organized on November 28, 1922 and has been held every year since its original formation.

Old Campaigners

Three old campaigners in the tournament who have played since the first meet in 1922 are Dr. Markle of Polo, Dee Hunt and Milo Oakland of DeKalb.

The meet is in the hands of capable officials with Al Huske, DeKalb pro and Tim Sullivan as the masters of the scoring. Ric Lahti of DeKalb, is president of the association and will handle the arrangements for the meet.

Clinton will reply on Milton Beal and Mr. Waldorf for points. Beal was winner in 1928 and 1939 and Waldorf was runner-up in 1938. Kishwaukee will bank on Dee Hunt, former title holder for 1923, 1926 and 1935. Ric Lahti, always a contender and runner-up in 1934, and Milo Oakland, top flight contender since the tournament started.

Morrison has two title contenders in Beardsley and John Adams. From Polo will come Dr. Markle, Sr., player and contender since the start of the tournament and famous for his hole-in-one at Rock River in Sterling in 1932, and his son, Dr. Markle, Jr., another contender, plus Robert Buck, 1940 runner up for individual honors.

Oregon Strong

The defending title holding team from Oregon will include Mr. Lamb, Joe Reed and John Franklin, all low scorers and capable golfers who carried the Oregon entry to the team title last year.

Barring inclement weather on the days of the tournament, the meet this year is expected to be one of the most closely contested meets in the nineteen year history of the event and participating teams are looking forward to it with keen interest. Spectators will be welcome during the play both days and large galleries are expected to follow the teams throughout the tournament.

KNACKS HAVE OWN FIREWORKS FOR JULY 4TH

The Knacks ball club—all streamlined like a national defense project and with more explosives than an ordnance plant—will meet the Rock Falls Howe's all-stars here at Reynolds field tomorrow afternoon at 2:30 o'clock. The game will be one of the biggest fireworks on the Homecoming program.

Manager Hi Emmert has named his batting order as follows: Studzinski, ss; Martinkus, 2b; Rummella, 1b; Miller, cf; Windmiller, c; Rucker, lf; Full, 3b; Kuhn, rf; and Bodi, p. This super lineup will be given its first real test and Manager Emmert declares it is "the best team ever."

The Howe all-stars, victors over Maytown, to the tune of 5 to 1, earlier in the season, are one of the strongest gang of players in this area. Maytown defeated Dixon, 3 to 1, earlier this year—but that was before the team underwent alterations which are said to have removed all the weaknesses. Last Sunday the boys were scheduled to play at Mt. Morris, but the weatherman had other ideas. However, the Knacks took a little time for fielding practice and are reported to have looked plenty snappy.

Practice Tonight

Hi Emmert has called for another practice session for the team at 5:30 tonight to put the finishing touches to his home defenders.

To date the Knacks have played seven games and have won three. Victories have been counted over Peru Merchants, Round Grove and Mt. Morris and losses have been to Freeport Stovers, Spring Valley's Big House team (from where tomorrow's Dixon pitcher comes), and Maytown.

A record crowd for the season is expected to pour through the gates of Reynolds field tomorrow and it looks like a banner day all around. Harry Downs will be the umpire and Emmert's reserve material includes Krug, Page and Devine and Bill Bushman as coach.

Sports Roundup

By EDDIE BRIETZ

New York, July 3.—(The Special News Service)—What's this about Jimmy Fox getting a cracked rib in a friendly wrestling match with Ted Williams in the Red Sox club house? The official announcement said Fox received a torn cartilage when hit by a ball. . . . But the grapevine says several of the Sox yelled "there goes the pennant," when Jimmy was pinned by Williams. . . . Mebbe you noticed that when Joe DiMaggio broke Willie Keeler's record of hitting safely in 44 consecutive games, it happened exactly 44 years after Wee Willie posted the mark. . . . And old Bill Dahlen, former Cub and Dodger shortstop, who held the record (42 games) prior to Keeler, was in the Yankee Stadium to see Joe turn the trick.

Today's Guest Star—

Art Cohn, Oakland Tribune—"Clark Shaughnessy, the well-known character builder, who has refused to capitalize on Stanford's Rose Bowl victory—except to act as Bob Hope's stooge on an air show, write a book, go on a speaking tour, conduct a coaching school and fill several other engagements—will (reluctantly, of course) appear on a weekly radio show this fall." . . . Amateurism Ltd., eh?

Sport Strays—

Babe Ruth has holes in at Bretton Woods, N. H., for two weeks of golf. . . . Dizzy Dean can't make up his mind about that St. Louis sports casting offer. . . . Golfers Jimmy Demaret and Ben Hogan begin a barnstorming tour of South America in October. Rich pickings to be had down there.

Putrid Poetry Dept.—

A cheer for Joe DiMaggio
Let's hope his records grow and grow
And if you try
To ask us why
It's just because we like the guy.

It's That Bad—

No better than an even break in six games with the Braves and Phillies has the Dodgers suffering both from the heat and the humidity.

The Census Bureau says the total number of accidental deaths in the 21-year period, 1919-1939, was 1,800,226. The year 1936 led with 110,052 accidental deaths. In 1939, the total was 92,623.

Skimming Standard to Equal Record

Bill Stewart barely clears 6 feet 9 3/4 inches to equal listed world record for high jump in Philadelphia. Lester Steers of Oregon duplicated the performance, but Southern California A. A. high flier won National A. A. U. championship because he missed only once at 6 feet 9 3/4, while Steers missed four times at various heights.

Back-Breaking Canoe Race Is Feature of Summer Carnival at Minneapolis

Minneapolis, July 3.—(The Special News Service)—Over the stream their forefathers named "Father of Waters," modern Indians will vie with paleface competitors beginning Saturday (July 5) in a back-breaking 450-mile canoe race for gold and glory.

It's a feature of the summer carnival called The Aquatennial. In picking the tortuous river from Bemidji, Minn., to Minneapolis to stage an annual event to test men's skill as a fitting opener for the carnival, the sponsors almost chose too well, it last year's inaugural was a fair sample.

The big river is tougher from a canoeing viewpoint than in early days, for the stream has been cut up by power dams. That means back water, conflicting channels and brutal portages. So they got their endurance test, all right. They also got some hospital cases from blood poisoning, maimed hands, sunstroke and sheer exhaustion.

Hardened guides, men who make a living wielding a paddle, folded. Weaker contestants dropped out and needed weeks to recuperate. So they have softened the race by marking the course, providing food, lodging and a trainer to treat sunburn, shock, blisters, insect bites, cramped muscles and other ailments for the "ten days of hades."

Last year's initial run approached catastrophe several times. Canoes upset crossing storm-swept lake Winnibigoshish. Judges trying to keep track of the contestants had many other harrowing hours because they lost sight of several teams in winding through swampy areas. Temperatures ranged upward to 110 degrees. Violent storms lashed the contestants. Insects plagued them.

Down the Stretch
Down the stretch it was a finish fight between brothers, Ace and Ed Eliason, Grand Rapids, Minn., woodsmen and guides. They fought it out with Chippewa Indian brothers from Ballclub, Minn., Harry and Bud Tibbetts. The white man won in the last five miles.

Back are coming those toughened guides, too, although college boys, factory workers and clerks will be on hand to make a bid for fame and cash and test those

Rochelle	2	5 .286
Leaf River	0	5 .000

Scoring in every inning, the Esmond batsmen slugged their way to a 17 to 1 victory over Creston last Sunday. Creston, the visiting team, was able to push across only one run which saved the losers from a complete whitewash. The fatal fifth, fraught with many errors by Creston, gave the winners six runs.

It was in Creston's half of the fifth that Pitcher Myroth helped himself to a two-base hit and later scored the lone tally for the Hilltoppers. Creston was again crippled by the loss of several players, some were working, some had joined the Army, but the team worked hard to make things interesting for the opposition and the spectators. In spite of their losses, they enjoy playing and show it. They were no match in their hand-capped condition for the Esmond team—those Esmond boys can really hit the old apple and anyone who thinks differently is invited to see them in action with the league-leading Lee team in a holiday game tomorrow at Camp Grove.

Other Games

Rochelle lost to Malta last Sunday in a game which was called at the end of the seventh inning. Leaf River played host to the Ashton team and the Leafers were handed another defeat. This was partly due to rain. It was raining at game time and several players left. The Ashton team arrived and the Leafers put men in to make up a team but were routed, 13 to 5.

Lee and Shabbona began the second round with a four and a half inning game which rain halted. Lee was leading 5 to 3 when the game was called. It had been anticipated that Shabbona would give a good account of themselves in this important contest.

Sunday's Schedule

Next Sunday Creston will meet Shabbona at Shabbona, Leaf River visits Lee, Malta will play Ashton on the East Oregon diamond, Ro-

ZIVIC THUMPS DAVIS; BOUT ENDS IN 10TH

By GAYLE TALBOT

New York, July 3.—(AP)—Bummy Davis, the unpopular little wail from Brooklyn, can go back and tell his Army buddies in Texas that he put up a courageous fight before he bowed to Fritz Zivic last night at the Polo Grounds.

In fact, the ringside regulars were trying to remember any boxer who had absorbed a worse licking in a local ring just before Bummy finally sagged against the ropes in the 10th round and signified that he had taken enough.

Bummy's face was smeared with blood and he was helpless, his head and body being torn by the machinegun punches of the welterweight champion, when Referee Arthur Donovan sprang between them and called it off.

Zivic did an artistic job on the soldier boy, taking full revenge for the foul shots that Davis poured into his trunks at their first meeting last November.

All Davis had was a left hook, and he was helpless in the clinches. Zivic, who had waited eight months for another chance at Bummy, had just about everything, including a left jab that was in Bummy's face all night.

YESTERDAY'S STARS

(By The Associated Press)

Bob Johnson, Athletics—Hit home run in tenth inning to beat Senators.

Jo Di Maggio, Yankees—His homer extended all-time record hitting streak to 45 straight games and fired six-run rally in fifth inning for victory over Red Sox.

Tom Earley, Braves, and Bill Lohman, Giants—Former pitched hitless ball in last three frames to save victory in first game and latter pitched four-hitter to win nightcap.

Dixie Walker, Dodgers—Batted in five runs with two triples and single against Phillies.

Maurice Van Robays, Pirates—Hit double and single to bat in three runs against Reds.

Buck Newsum, Tigers—Shut out White Sox 1-0 with three-hit hurling in night game.

WERBER WRITES

Cincinnati—Bill Werber, the Reds' third baseman, writes insurance. He also contributes hunting and fishing stories to outdoor publications.

Margot Unger Wed

Mr. and Mrs. Charles P. Unger announce the marriage of their daughter Margot to George Olson, Jr., son of Mr. and Mrs. George Olson of Highland Park. Both are graduates of Knox college, class of 1941.

Margot is a member of the Delta Delta Delta sorority and Mr. Olson is a member of Phi Delta Theta fraternity. After a short wedding trip, the couple will make their home in Chicago where Mr. Olson is associated with a Chicago brokerage firm.

Conrad-Babb

Miss Ruth Conrad, daughter of Grant Conrad, was married at 8:30 o'clock, June 28th to Ralph Babb, son of James Babb of Rochelle. The marriage took place here at the home of the bride with Justice of the Peace Albert M. Lind performing the ceremony. Both bride and bridesmaid, Miss Hannah Doty, were attired in brown and white. Ernest Espino was the best man. The bride is an employee of the Caron Spinning company office and Mr. Babb is with the Whitcomb Locomotive company.

Frances Phelps Weds

On Saturday, June 28th at 4 o'clock, Frances Phelps was married to Laurence S. English, at the home of the bride's parents, Mr. and Mrs. Harvey Phelps.

The bride was attired in a white, floor-length gown of French pique with finger-tip veil of white net, and carried a fan-shaped bouquet of white roses and gardenias, pledged vows before the fireplace which was completely massed with ferns, greenery and lilies, flanked by tall

white baskets of white lilies and gladioli.

The bridesmaid, Miss Virginia Davis, of Rochelle, wore a floor-length gown of deep blue French pique and her fan-shaped bouquet was pink roses and pale blue delphinium.

Mr. English was attended by his brother-in-law, Lyman J. Clark of Winnetka.

The couple will be at home at 722 Clark street in Evanston.

Mrs. English was a student at Beloit college, and is a graduate of the National College of Education in Evanston where she was a member of the Pi Beta Phi sorority. The past year she has been a teacher in the schools of Niles, Michigan.

Mr. English, a graduate of the University of Illinois, was affiliated with the Alpha Tau Omega fraternity. He holds a position with the Personal Finance Company of Chicago.

Quiet Fourth Here

The sale of fireworks is forbidden in Rochelle, and the use of fireworks in any form is not permitted.

Those who wish to enjoy relaxation may make use of Memorial park with its playground equipment for the children. Spring Lake for swimmers, and Country club members will be playing golf. The theater will offer a continuous show beginning at 2 p. m.

Neighbors at Esmond are holding a celebration; a harness racing program will be held at the fair grounds in Oregon, starting at 1 o'clock, with an evening beginning at 8 o'clock. Dixon is celebrating with a varied program throughout the day.

Kroger Super Market Opened

Leo Ripp, manager of the new Kroger supermarket grocery, is receiving congratulations on the roomy, splendid appearance of the store, and the large quantity of merchandise for selection.

O. E. S. Stated Meeting

The local chapter of the Order

of the Eastern Star will hold a stated meeting tonight at 8 o'clock.

Police Warning

Motorists are reminded by the police department that the speed limit in the business district is 20 miles per hour; in residential sections it is 30 miles per hour. Violators will be arrested with recommendation for the maximum fine. Special caution is urged also in order to prevent accidents to children.

"Men of Boys Town"

After a great deal of effort on the part of the local theater management, William Kasul announced "Men of Boys Town" featuring Spencer Tracy and Mickey Rooney, will be featured at the Hub theater on Sunday and Monday, July 13 and 14. This sequel to "Boys Town" is a dramatic picture portraying life in Father Flannigan's home for boys.

Powers Store to Celebrate

The Powers Paint Store, owned and operated by John Powers at 404 Lincoln highway, will celebrate the tenth anniversary of the opening of the store on Aug. 1.

Sponsor Youth Week

The week of July 14-19 is recommended as a week for the young folks of Rochelle. The program for this week will be made up accordingly to the wishes of the "kids." That is—contests in the following activities and events listed, will be held only if there are sufficient entries to warrant such activities. Suitable prizes will be given for all contests. Beginning today entries will be accepted in the Chamber of Commerce office for the following events:

Boys' bicycle race, up to 13 years old.

Boys' bicycle race, 13 to 16 years old.

Girls' bicycle race, up to 13 years old.

Boys' soap box races, up to 13 years old.

WORLD'S GREATEST MINIATURE MANUFACTURING EXHIBIT

\$20,000 Miniature Factory Due Here, Wed., July 9th

WORKING MODEL OF GREAT PLYMOUTH FACTORY

Come and see it. It's one of the most elaborate mechanical exhibits of modern industry. It's like a trip to Detroit.

Come and see this comprehensive model of the Plymouth factory. See how the railroad cars bring in the various materials for the automobile, and then the various steps of manufacture that take place in the building of the car. At one end of the assembly line—the bare frames; at

the other end of the line—finished automobiles ready for the road. And here is a duplicate of the amazing 14-mile long conveyor lines of the great Plymouth factory.

It is the marvel of modern industry. Come and see this operating miniature factory.

The public is cordially invited. The display is for one day only. Don't miss it.
